There's nothing quite like skiing in Massachusetts.

Skiing here means spending less time in the car and more time on the slopes.

The Massachusetts ski areas are only a two-hour drive from New York and most other northeastern cities. If you're an in-state skier, the ski trails are practically in your backyard.

You'll also spend less time waiting in lift lines because our ski areas are less crowded. So if you're a beginner,

you'll have more time to learn, and if you're an expert, you'll have more time to perfect your technique.

No matter when you ski Massachusetts, you'll always have plenty of snow because we make our own when nature doesn't. You can even ski at night under the lights.

And when you leave the slopes at the end of the day, you'll always find plenty of après-ski activity and lots of cozy inns and B&B's nearby.

But aside from the great skiing, there's the feeling you get from being in Massachusetts in the wintertime. There's a spirit here that you just can't find anywhere else.

Ski Massachusetts this winter with your family and friends. It will really lift your spirits.

SKI SAFELY, DRIVE SAFELY.

A message from the Massachusetts Turnpike Authority.

THE MASSACHUSETTS SKI AREAS ASSOCIATION INVITES YOU

to ski the best that New England has to offer. Massachusetts offers great skiing, exceptional value, and unequalled accessibility. Ski Massachusetts and find:

- trails for every level of skiing;
- instructors who really care;
- snowmaking, night skiing, and constant trail grooming;
- season passes, group rates, and special packages

And, most important, when you ski Massachusetts, you spend less time on the road and more time on the slopes. So Ski Massachusetts.

The Massachusetts Ski Areas Association
